

This is regarding the issue of Low Power FM (LPFM).

I understand that K\_LOVE radio network could be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service, which could perhaps leave me without my K\_LOVE signal! K-LOVE is the only station I tune my radio to and the thought that I could loose that is very upsetting to me. It provides such a service to me that I don't feel I could receive from any other station. I know of many people in my community that also enjoy listening to K-LOVE as much as I do and the effect it would have if displaced by an LPFM broadcaster providing other programming would leave such a void! The public would suffer if it were to loose K-LOVE...because it is true it is positive and encouraging! I believe there are many lives touched and changed....mine for one...by the service provided to the public by K-LOVE that could not be matched by any other station. Please do not give LPFM priority over FM translator service!!!!

Thank you,
